SCCM
Exterior Solutions. Trusted Distribution

Our company was built by builders, with over 25 years of experience in the industry. At SCCMNE, we're tired of seeing people pay more than necessary for cellular PVC. We go out of our way to support builders, so if you have any questions or specific needs, just let us know. We're happy to discuss custom orders, flexible pricing models, and installation advice to help bring your project to life.

WE'VE GOT YOU COVERED

The advanced PVC core is capped with an ASA capstock. ASA (Acrylonitrile-styrene-acrylate) is a tough and rigid plastic that is well known in the Automotive Industry for its heat resistance, colour retention, and high outdoor weatherability.

- SUPERIOR UV PROTECTION
- STAIN RESISTANT
- SCRATCH RESISTANT
- SUITABLE FOR HARSH CLIMATES
- RESISTS AGAINST MOISTURE DAMAGE
- MOLD AND MILDEW RESISTANT

INDUSTRY FIRST

Finished and Embossed on all 4 sides

RIGHT TO THE CORE

PVC Decking uses advanced Carbon Nanotechnology to construct its core. This unique and industry leading technology is what makes PVC Decking one of the strongest and most stable PVC deck boards on the market.

MODERN SERIES

Maximize your living and minimize the maintenance with PVC Decking. SCCM has designed specialty wood colors and high performance boards that allow you to bring your living space outdoors with style and confidence. Using advanced Carbon Nanotechnology, SCCM is an industry leading PVC deck board that uses the highest quality materials to make your outdoor oasis last a lifetime.

Fascia is the first of it's kind in PVC Decking! Measuring a unique **3/4" x 11 3/4"***, our fascia is thicker than any other PVC fascia available. You can now install your fascia using your chosen screw and plug system, for a beautiful, concealed finish on your installation. The increased thickness of the Fascia board also makes it the most stable PVC fascia on the market.

Riser boards measure **1/2" x 8 5/8"***, and have the perfect profile for stair risers and post cladding.

Our Riser and Fascia boards are offered in all colour series in 12' lengths.
